Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Thursday 05 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain turning showery overnight. Some heavy, thundery showers Friday.

This Evening and Tonight:
Mostly cloudy conditions will continue overnight, with rain or showers gradually becoming more scattered to leave some drier interludes by dawn. Some strong coastal winds this evening, and generally rather breezy elsewhere. Minimum temperature 12 deg C (54 deg F).

Friday:
Scattered showers continuing on Friday morning becoming more frequent, heavy and prolonged into the afternoon with an increasing risk of thunder. Still rather breezy at times. Maximum temperature 19 deg C (66 deg F).

Outlook for Saturday to Monday:
Sunny spells and showers, with a risk of thundery downpours, especially on Saturday and Sunday. Perhaps longer spells of rain at times on western hills. Breezy. Temperatures slightly below normal.
